# THE COMPANY

At the end of the 1970s, the Friulian entrepreneur Loretto Pali bought 'La Boatina' winery in Cormòns, with 70 hectares in the DOC Isonzo.

In 1987 he became the owner of 'Castello di Spessa', a wine estate in the Collio area of Gorizia with 28 hectares of vineyards on the hills of Capriva del Friuli.

# VISITS AND WINE TASTING

Upon reservation, we accompany the guest on guided tours of the castle, to discover its secrets, and we also offer tastings of our Estate's wines.

# THE MEDIEVAL WINE CELLARS AND THE BUNKER

The wines of Castello di Spessa are refined in the medieval wine cellars and in the bunker, discovered only in 1987 during the renovation of the manor. Located at a depth of 18 meters, at a constant temperature of 14 degrees, the bunker is ideal for refining our precious wines.

The image shows the interior of a wine shop. On the left, there is a glass display case filled with various wine bottles. In the center, a large, ornate chandelier hangs from the ceiling. Below it, a curved wooden table holds several wine bottles and glasses. In the background, a bar area is visible with shelves of bottles and a counter. The room has light-colored walls and a wooden floor.

The multisensory experience in the Vinum SPA, which extends over 2000 square meters of total well-being, lets you discover the most authentic and profound spirit of the extraordinary Collio hills, where traditions and nature are revealed.

Everything in the SPA leads back to grapes and wine: the frescoes on the walls, the vats for wine therapy, the massages with hot stones obtained from the Collio marl.
